

LOve AnD WaR

‡

Jessica Dittbenner (U.S. Army)

Sculpture (Mild Steel & Cast Plastic; 2013), 28 X 18 in., Courtesy
Jessica Dittbenner

Description:

LOve AnD WaR is primarily constructed of mild steel pieces connected by rivets. At the center of the body cavity is a plastic grenade cast from a training grenade. The piece has been painted with double coat acrylic spray paint. Love and war—the two most explosive forces in the human experience!
